The communications-course staples are included--"active listening" by paraphrasing the other person's statement, the rudiments of body language--but the chief attraction is the step-by-step guidance for those who truly have trouble initiating or sustaining a conversation, issuing invitations, and the like.

## **CONVERSATIONALLY SPEAKING by Alan Garner | Kirkus Reviews**

It's easier to listen to somebody when they're speaking in a conversational manner. This is intuitive but also backed up by research by Richard Mayer and others (there's a nice summary of the research at the Creating Passionate Users blog). Research by Mayer showed that people learnt more when a computer-based educational game was conversational in style (Mayer calls this personalized ...

How to Sound Conversational. English language learners often focus on writing and have very little conversational practice. Speakers, especially technical speakers, memorize and deliver sentences they've written out ahead of time, which generally results in a less-than-conversational sounding presentation. And podcasters, like me, may be required to read a script, even though they certainly ...
