January 6, 2014 How to Change Minds - CEES

change minds This moment is called the line in the sand When people cross this line, they do not commit to a solution; they commit to a change Such moments of truth that initiate change exist in everyone's lives While everyone struggles with change, what is unusual is for people to fix their problems, on their own, before it is too late

How to Change Your Mind

How to Change Your Mind is the story of this renaissance Although it didn't start out that way, it is a very personal as well as public history Perhaps this was inevitable Everything I was learning about the third-person history of psychedelic research made me want to explore this novel landscape of the mind in the first person too—to

Change minds for the better - Occidental College

Change minds for the better Continued from page 23 interpret This leads the brain to adjust its sampling rates and time constants—the brain literally slows down as it tries to decipher these fuzzy signals With time, the brain's representations of what a person hears, sees or feels gradually become more imprecise and incomplete The
